WNS

TECHNICAL WNS BOW

DESIGNED & MANUFACTURED
by WIN&WIN

WIN&WIN CEO, Mr. PARK, Kyungrae, raised Korean archery to the top of the World yet unknown all around the world until the beginning of 1980's. He led the Korean team to success starting with a gold medal at the World Championships in 1985 & 1991 and the 1988 Olympics as the general head coach of Korean team. After that, he retired as Korean national team coach and established the present WIN&WIN Co. in 1993.

Based on his knowledge as well as his engineering skills, WNS products are designed and manufactured for all.

#3 After Sales Service available around of you.

HUNTING RECURVE

***BLACK WOLF
BLACK ELK
PANTHER***

BLACK WOLF

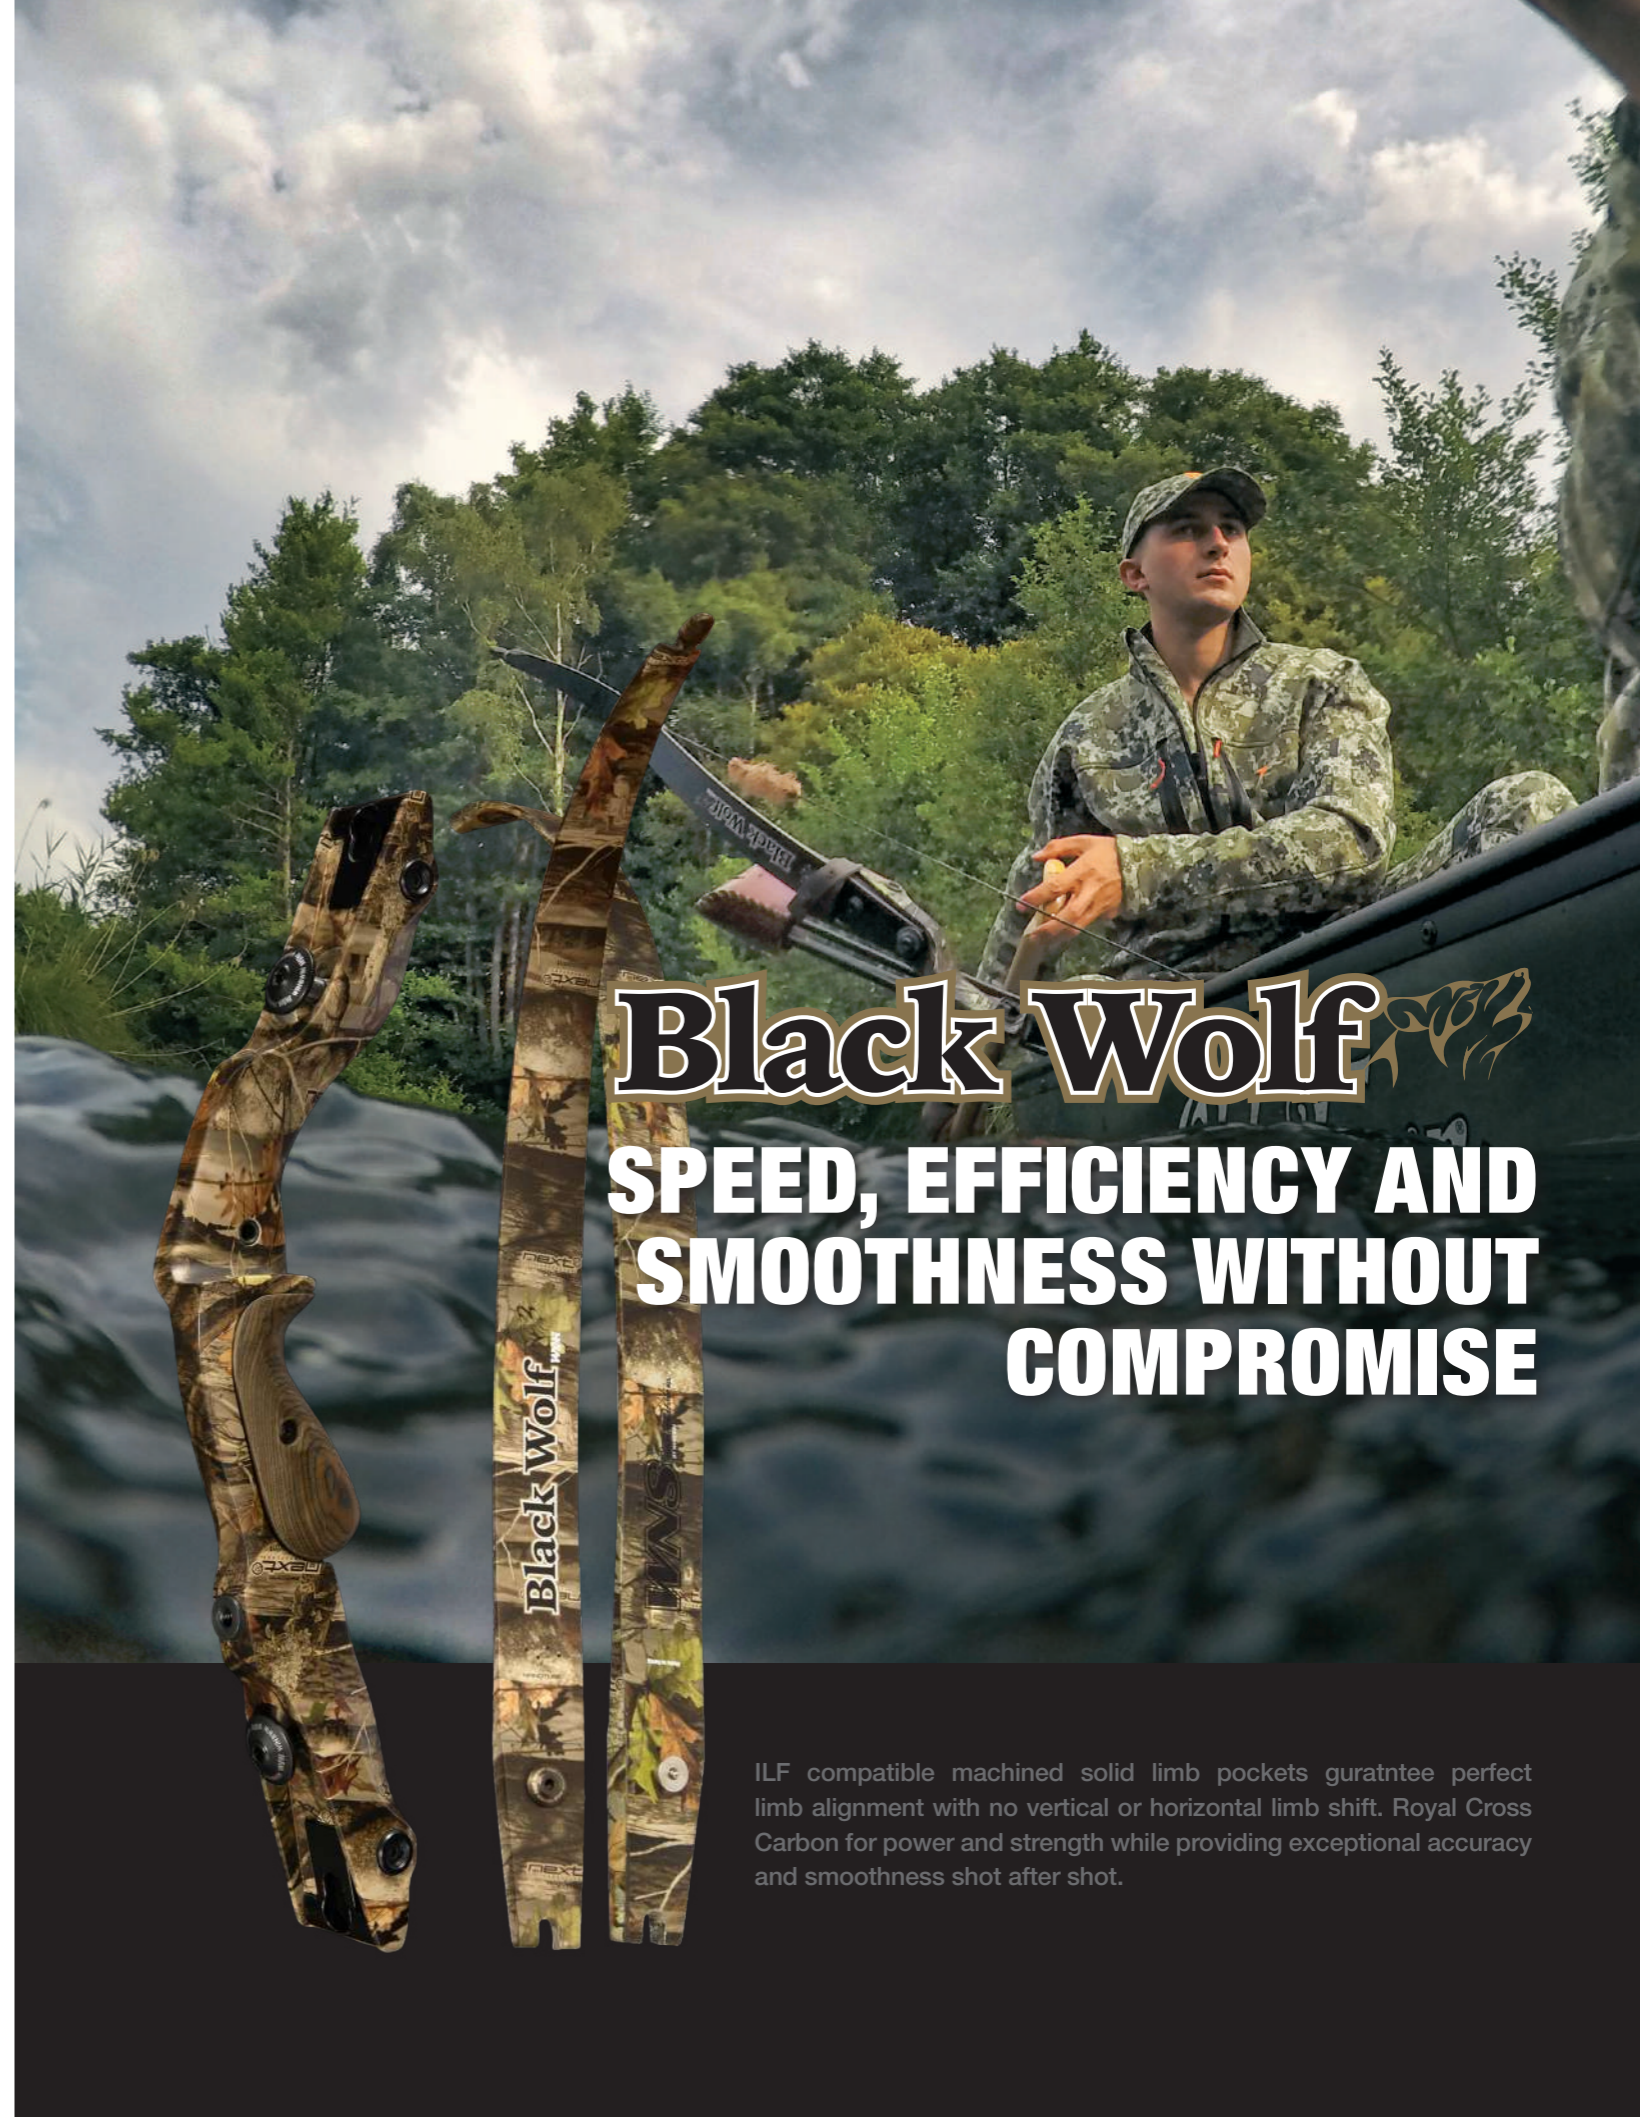

WIN&WIN Archery manufacture recurve bows for a world of champions, where every archer in every nation strives for perfection since 1980. BLACK WOLF series makes no exception and gathers both WNS heritage and experience in building recurve bows for hunting, without sacrificing maneuverability. Black Wolf recurve was the ultimate traditional recurve bow with 17" carbon riser paired with all WIN&WIN limbs.

Mass Weight	2.5 lbs / 1.7 kg
Bow Length	58-60-62"
Riser Length	17"
Available Weight	35 to 65 lbs

BRONZE OD GREEN REAL CARBON CAMO NEXT

Black Wolf
SPEED, EFFICIENCY AND
SMOOTHNESS WITHOUT
COMPROMISE

ILF compatible machined solid limb pockets gurantee perfect limb alignment with no vertical or horizontal limb shift. Royal Cross Carbon for power and strength while providing exceptional accuracy and smoothness shot after shot.

BLACK ELK

The BLACK ELK will give you all the benefits of an aluminium manufactured, comfortable and durable 21" riser. A very high quality wood grip prevents slipping from your hands. The BLACK ELK built with the WIN&WIN ILF (International Limb Fitting) design for optimum accuracy. The poundage can be set within a range of +/- 5% from the limbs used. The BLACK ELK recurve is the perfect solution for recurve shooters who want a high-performance bow at an entry level price.

Mass Weight	2.2 lbs / 1 kg
Bow Length	62"
Riser Length	21"
Available Weight	35 to 65 lbs

BRONZE OD GREEN MATT BLACK CAMO NEXT

Black Elk

STABILITY, ERGONOMICS AND PERFORMANCE FOR THE FUTURE AT AN ENTRY LEVEL PRICE

* For bowhunting or 3D competition in some classes, a plastic rest pads was included for center-shot tuning

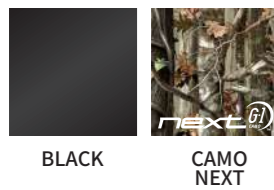

PANTHER

Panther Limbs are on the same top level as Black Wolf, however it offers smoother draw to achieve the perfect and effective shooting.

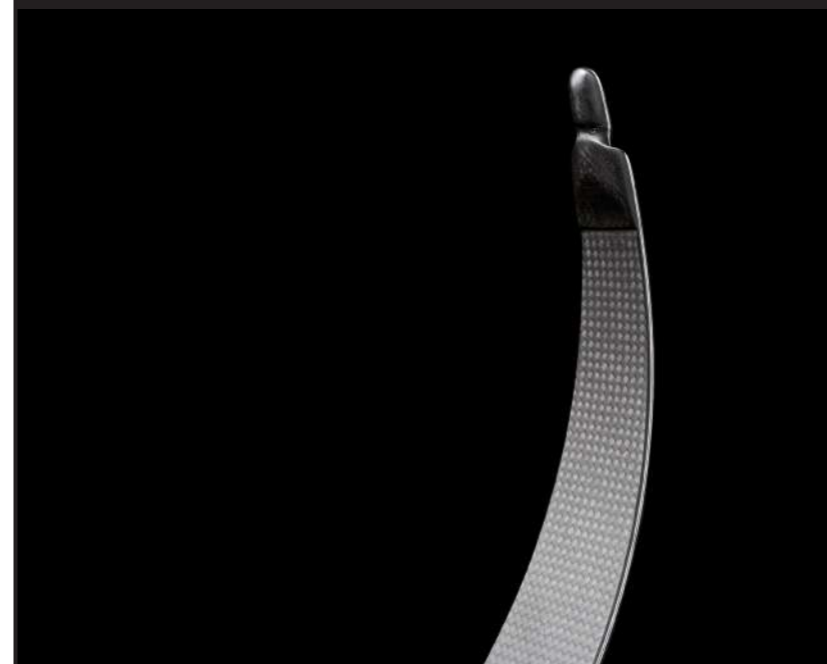

Limbs Length 66, 68, 70"

Available Weight 35 to 65 lbs
